

## **RealMed Corporation and TSI Healthcare Announce Strategic Partnership**

**CHAPEL HILL, NC July 20, 2009** -- RealMed Corporation and TSI Healthcare are pleased to announce their recent partnership to provide RealMed EDI Revenue Management Services to clients of TSI Healthcare. As a result of the partnership, RealMed will provide services including online ECS claims filing, editing and "scrubbing", ERA (Electronic Remittance Advice) and integrated OEV (Online Eligibility Verification). In return, TSI Healthcare has committed to introduce an estimated 500 providers to RealMed services within a year with the goal of the remaining Clients taking advantage of these value added services by the end of 2010.

RealMed and TSI Healthcare will offer a host of improved and more affordable EDI solutions for TSI's Clients. With the successful deployment of these services, both companies are confident that their partnership will be a mutually beneficial relationship for years to come.

The healthcare industry continues to evolve under the Obama Administration with a continued push for the adoption of improved HIT (Healthcare Information Technology) across all specialties. Through this partnership, RealMed and TSI Healthcare are helping to ensure that TSI's providers and their clients keep pace with changes in healthcare IT. With these insights, physicians can provide better care and improve patient outcomes. The ultimate goal is a healthier nation.

### **About RealMed**

RealMed is the vanguard of a new era in health care administration that uses the power of the internet to automate health care transactions and information exchange between health care professionals. This capability, together with more powerful enhancement features, can dramatically improve administrative efficiency and time to payment performance. RealMed serves a large number of providers ranging from small practices to large academic medical centers and specialty providers. Visit us at [www.realmed.com](http://www.realmed.com)

### **About TSI Healthcare**

Since 1997, TSI Healthcare has helped empower nearly 1,000 physicians to improve care, increase efficiency and maximize profitability through the successful implementation of Electronic Health Records and Practice Management Systems, EDI solutions and other products and services. As a NextGen Value Added Support Organization (VASO), they offer their award winning, CCHIT certified, EPM and EHR Solutions. Located in the heart of the Research Triangle, TSI Healthcare is dedicated to the complete and measureable success of each physician they serve. Their team of Clinicians, former practice administrators, EHR and PM experts and Microsoft and Cisco certified systems engineers provide the diverse knowledge required to help their clients achieve the most from their technology.
